Workhorse Products for Polymer F

Preparation Products

OrganiClean 935	Powerful, industrial strength degreaser, highly concentrated
OilEater 939	Oil Eating Microbial Compound
FatEater 940	Microbial Digesters for Fats, Oils, and Grease

Patching and Repair Materials

TrowelEase 1162-PK	Epoxy Mortar Patch Kits (aggregate and binder in convenient mixing pail)
TrowelEase 1181	Epoxy Block Filler, apply up to 1/2" thick on vertical surface
FlashPatch 1221	Fast-cure epoxy repair putty
CoveEase 1901	Epoxy gel material designed as a binder for cove mortar (can also be used to patch small surface imperfections)

Sealants and Joint Fillers

IntegraFlex 1921	High-modulus, self-leveling epoxy joint sealant and filler
IntegraFlex 1922	High-modulus, vertical-grade epoxy joint sealant and filler
IntegraFlex 1980	Low-modulus, 100% solids self-leveling epoxy membrane coating (can be used as a joint sealant)

Primers

VitriPrime 501	Solvent based surface treatment and bonding agent for vitreous surfaces
BondTite 1101	100% solids, low surface tension, low viscosity, highly flexible, AHC epoxy primer
BondTite 1201	100% solids low temperature cure primer
ChemShield 1601	100% solids, AHC novolac epoxy primer
AcryliSeal 3501	Clear Nano-Polymer acrylic coating and sealer

Aggregate and Fillers

Thickener AVR-200	Fumed silica thickener
ColorQuartz	Colored decorative quartz for broadcast (regular and ceramic)
DecoFlakes	Decorative acrylic flakes
DuraTred	Highly durable, aluminum oxide aggregate for slip-resistance, various sizes
SpheriTex	Medium-duty, glass-bead aggregate for light, cleanable, slip-resistance
TrowelSand	Polymer surfacer aggregate

Aisle/Safety Striping

LineGevity 302	100% solids ceramic fortified line striping

Flooring (Decorative and Industrial)

Surfacing Materials

LiquaTex 1151	100% solids, stipple finish epoxy grout coat
TrowelEase 1160	High performance epoxy mortar binder
TrowelEase 1162	Flexiblized high performance epoxy mortar binder
TitanTrowel 1165	Ultimate durability surfacing system
CoveEase 1901	Epoxy gel material designed as binder for cove mortar (can also be used to patch small surface imperfections)

Coatings

BondTite 1115	100% solids, water clear hybrid epoxy for broadcast binder and sealer
LiquaTile 1143	100% solids, low surface tension, full-ceramic, AHC epoxy coating
LiquaTex 1151	100% solids, stipple finish epoxy grout coat
LiquaTile 1184	100% solids, low surface tension, semi-ceramic, AHC epoxy coating
IntegraFlex 1980	Low-modulus, 100% solids self-leveling epoxy membrane coating (can be used as a joint sealant)
EnduraShield 2254	90% solids polyester urethane (add ColorMeld 5280 for pigmented coating)
AcryliSeal 3501	Nano-polymer acrylic sealer (clear)

Chemical Resistant Coatings

ChemShield 1633	100% solids, glass flake-filled, AHC novolac epoxy coating
ChemShield 1643	100% silids, full Ceramic, AHC novolac epoxy coating
ChemShield 1684	100% solids, AHC phenolic novolac coating
ChemShield 1710	100% solids, high-functionality, AHC novolac epoxy for broadcast binder and sealer (resistant to heat)
ChemShield 1887	100% solids, ultra high-functionality, AHC phenolic novolac coating (resistant to acids)
